WORK EXPERIENCE

Software Engineer | **Nest JS, React, Microservice, Docker**   **DEC 2024 – DEC 2025**
Sheba Platform Limited

- **Core developer of Sheba Pay,** the platform that won "**FinTech Start-Up of the Year 2025**" at the 3rd Bangladesh Fintech Awards, contributing to major product features across the system.
- **Backend developer for the award-recognized PSP Passthrough module**, which received an **Honorable Mention for "FinTech Innovation of the Year (NBFI)"**.
- Delivered full-cycle development across frontend and backend, including **API integrations, UI implementation, and business logic** for payment and wallet-independent transaction services.
- Collaborated with cross-functional teams to enhance **platform performance, reliability, and user experience**.

Jr. Full Stack Developer | **Supabase, Deno, Next JS**   **OCT 2024 – DEC 2024**
Workspace InfoTech Limited

- Contributed to both frontend and backend development, successfully transforming a Java-based system into a Deno-powered web application.
- Deployed and maintained the project on Supabase, ensuring reliability and scalability throughout the development lifecycle.
- Addressed post-delivery issues and implemented client-requested changes, leading to successful project completion and client satisfaction

Jr. Backend Developer | **Python, Django, MySQL, PowerShell**   **AUG 2023 – NOV 2023**
Arena Web Security

- Worked In house projects.
- Created Employee attendee with invoice generation system
- Designed database and APIs from no documentation.

SKILL

LANGUAGE: Python, JavaScript, TypeScript
BACK END DEVELOPMENT: Django, Express, NestJS,NodeJS, Deno, Supabase
FRONT END DEVELOPMENT: React, Jinja, Ejs, Next js
DATABASE: MySQL, Oracle, Postgresql, MongoDB, MSSQL
DEVOPS: Nginx(Basic),CI/CD,EC2,Cloudflare DNS(Basic), Docker
MISCELLANEOUS: Figma, Postman, Git, Linux, Redis
SOFT SKILL: Leadership, Team Player, Communication

EDUCATION

Bachelor of Computer Science & Engineering
East West University, Rampura,Dhaka

- Major in Software Engineering

TEAM PROJECTS

TimeForge | Full Stack Developer
React, Express, Mongoose, Stripe, Google Calendar, Firebase
Live | Client Repo | Server Repo
Feature:

- Create and manage multiple types of events.
- Host a meeting with only allowed attendees.
- Feature-rich Admin panel for easily performing CRUD operation to database.

Contributions:
- Integrated Google Calendar API for multi-platform support.
- Implemented meeting hosting feature to reduce meeting hosting hassle for users.
- As a team leader, distribute tasks among teammates according to their skills.

Neat-Site | Backend Developer
Django, CSS, HTML, Jquery, MySQL
Repository
About:
- It's Uber but for a salon
- Easily search and make an appointment with any salon as a client.
- Easily create and manage salon appointments and services as salon owner.

Contributions:
- I designed and managed the Database. Created all the necessary API.

PROJECTS

SurveysSphere | *React, Express, Stripe, Firebase, MongoDB, Tailwind, JWT*
Live | Client Repo | Server Repo
Feature:
- Create and participate in the survey.
- Four types of user roles.
- Become a pro user.
- Manage survey and user as admin.

Fake Wallet | *NextJS, MongoDB, Redux, Ant, JWT, Zod*
Live | Server Repo
Feature:
- **Authentication & Access Control:** JWT-based auth with HTTP-only cookies, profile management, and role-based wallet sharing with invitations.
- **Wallet & Transaction System:** Custom wallets, balance tracking (including negatives), and transaction management with history and tags.
- **Real-Time Responsive UI:** Live wallet updates, Ant Design–based responsive interface, and consistent Asia/Dhaka timezone handling.

AssetTrackr | *React, Django REST, Sqlite3*
Live | Client Repo | Server Repo
Feature:
- Insert Company Device and Employee information
- Keep track of company devices.
- Perform simple crud operation on the data

ACHIVEMENT
- Paper published - DeepTestDroid A Platform for Automated Application Testing Using Deep Learning.
- Best Scrum Leader of ENDGAME at Batch 8 Programming Hero.

LANGUAGE
- English - Advance
- Bengali - Native
